STRATEGIC OBSERVATIONS

- **Roof pitch informational cluster (frederickroofrepair.com):** Competitor ranks top-10 for 12+ roof pitch variations totaling ~10,000 monthly searches. A single well-optimized blog post on roof pitch could capture this traffic entirely.
- **Underlayment content cluster (pjsroofing.com):** PJ's Roofing ranks #1–6 for 7 underlayment keywords (best roof underlayment, best shingle underlayment, etc.). Combined volume ~1,600/mo. Shumaker has zero presence here.
- **Metal roofing — Frederick County (pjsroofing.com):** PJ's owns "metal roofing frederick county" (#3, 210/mo), "metal roofing md" (#2, 70/mo), and "metal roofing frederick md" (#2, 50/mo). Dedicated metal roofing service page needed.
- **Commercial roofing — zero competition (pjsroofing.com):** "commercial roofing frederick md" (#1 for PJ's, 110/mo) and "commercial roofing contractor frederick md" (#1, 50/mo) are completely absent from Shumaker's keyword set.
- **Local contractor terms — both competitors rank, we don't:** "frederick county roofing contractor" (320/mo), "roofing contractor frederick md" (260/mo), "roofing company frederick md" (260/mo) are all gaps despite Shumaker serving this exact area.
